

CHARGING POINT FOR ELECTRIC VEHICLES

The Parkhotel Zug has a charging facility and offers you to charge your electric car as an additional service during your stay. Simply charge your electric car while you stay at a hotel or when you have lunch or dinner in peace.

The use of the charging station is subject to availability and is chargeable for hotel and restaurant guests. Reservations cannot be accepted. Regardless of the charging time, we charge a flat rate of CHF 15.00 per charge plus the usual parking fee.
